Summary

Professional Cloud Application Development Engineer with over 8 years experience in designing, building and managing applications utilizing various tech stacks involving NodeJs, Java, Ruby on Rails, Typescript

Experience

Full Stack Engineer

Align Technology

Jun 2020 - Present (3 years 11 months)

- Designed and built GraphQL schemas and resolvers, RESTful and Non-RESTful APIs, Kafka publish-subscriber models for various features spanning across Virtual Care, Subscriptions Portal, Align Special Markets Portal, Align Diagnostics Subscription, Align Admin Back Office, My Invisalign Web, iOS and Android Mobile applications
- Codesigned Subscription-based payment models for use in Vivera Retainer Subscriptions, Align Diagnostics Subscriptions, and Treatment Planning Services at Invisalign while working with global teams
- Stabilized, and maintained GraphQL NodeJS, and Ruby on Rails code repos for our Consumer Platform, Global Invisalign Experience teams here at Align
- Significantly contributed towards Ruby on Rails and NodeJS microservices at the API design level, Schema design level, and System Design level
- Improved performance of API endpoints by 40% in some cases across services through SQL optimizations, Application layer(ActiveRecord), and API design optimizations, and through requirement cut-downs when necessary while ensuring system scalability and built backends to serve metric reports
- Supported deployment of docker container stack over Heroku through Bamboo CICD ensuring Checkmarx, Snyk Security fixes, Unit Test Case integrations
- Guided and mentored Developers and QA across experience levels over project releases and ensured product growth, successful timely deliveries
- Offered production support for customers on features delivered and worked on identifying patterns, ensuring we learned along the way
- Ensured scalable fault-tolerant designs and code maintainability across services
- Built point-to-point integrations involving Google Ad forms and Meta Lead Ad forms(Facebook and Instagram) with Align Lead Service API
- Developed Salesforce connector to exchange CDC, platform events over push topics, PubSub API with Confluent Kafka topics
- Designed and built node microservice in NestJS using Prisma ORM to handle reseller orders for project Orion

Full Stack Developer

Arizona State University

Feb 2019 - May 2020 (1 year 4 months)

• Built Analytics applications for Student grades for ASU SoMSS, AMLSS departments, MTBI program using Node.js, Angular, Cube.js
• Developed core application features including JSON Web Token(JWT) based application login, Secure file storage in AWS S3, Visual analytics dashboard using Cube.js and Chart.js
• Deployed applications on Amazon Web Services(AWS) and Apache web servers
• Deployed and Maintained Docker-based Open source software such as Opencast for SoMSS, Concerto for CHS departments
• Integrated Concerto with REDCap(Clinical EDC Software for translational research) for the College of Health Solutions department using R language
• Offered technical assistance for the maintenance of High-performance Computing servers, Department and Lab servers involving Bash scripting

Senior Software Developer
Oracle
May 2018 - Jul 2018 (3 months)
Led the following integration projects
• Commerce-Responsys
- Orders, Profiles and Abandoned Cart sync flows
• Commerce-SiebelCRM
- Order sync flows
• Commerce-Oracle Engagement Cloud for Communications
- Order API and Webhook flows
• Commerce-ProductHub
- File Upload/Download, Products Import/Export flows

Applications Engineer
Oracle
Jun 2015 - Apr 2018 (2 years 11 months)
• Contributed significantly to the development of Commerce Cloud Adapter by working on Oracle Integration Cloud Services (ICS) SDK
• Led the successful migration of Commerce Cloud internal API documentation to JSON Hyper-Schema, OpenAPI Specification
• Implemented and maintained Swagger functionality of ICS/OIC CC adapter
• Used JavaScript and Java to develop the front end and back end designs for CC-OROMS integration
• Designed XSLT templates for mapping data for Oracle FOM, OROMS and Commerce and implemented Product Hub integration
• Formulated Swagger template based NodeJS custom extensions development for Commerce Cloud

Education

Arizona State University
Master of Computer Science, Computer Science
2018 - 2020
GPA: 4/4

National Institute of Technology Warangal
Bachelor of Technology - BTech

2011 - 2015
GPA: 8.12/10 = ~3.6/4

Skills

Ruby on Rails • Java • RESTful WebServices • Web Development • Software Design • TypeScript • JavaScript • Angular • GraphQL • PostgreSQL

Honors & Awards

Engineering Graduate Fellowship 2018-2019, 2019-2020 - Arizona State University

All India Rank of 3468 in AIEEE (Appeared: 1.05 Million) - Central Board of Secondary Education (CBSE)

State Rank of 148 in EAMCET (Appeared: 0.3 Million) - Board of Secondary Education, Telangana (BSET)

All India Rank of 34 in SRMEEE (Appeared: 0.15 Million) - SRM University
